

PRESIDENT MAY RE-SUBMIT TREATY TO SENATE IF COMPROMISE IMPOSSIBLE

Considers Lodge Ratification Resolution Renders Treaty Null and Will "Pocket" It If Administration Senators Turn Down Reservations.

By Telegram to The Freeman.

Washington, Nov. 17.—President Wilson will "pocket the treaty" if the Lodge resolution of ratification is passed by the senate.

The president made this statement to Senator Hitchcock today in a conference.

The announcement was made by

Senator Hitchcock on leaving the

White House.

"I found the president very much

improved and more aggressive," said

Senator Hitchcock. "He informed

me that he had read and considered

the Lodge resolution of ratification

and that he considered it a nullification

of the treaty."

"Did the president say he would

pocket the treaty if the Lodge resolution

of ratification was passed?" he

was asked.

"He told me he would," replied

Senator Hitchcock.

Senator Hitchcock declared that

the administration forces would offer

a resolution of ratification if the

Lodge resolution was defeated.

"We will do that on the assumption

that the vice president will rule

that it does not have to go to the

foreign relations committee," Senator

Hitchcock continued. "If that ruling

should be overthrown, I believe the

treaty would be dead."

President Wilson does not agree

with Senator Lodge that the German

peace treaty is dead if the adminis-

tration forces defeat immediate ratifi-

cation by refusing to support the

majority reservations, said Senator

Hitchcock.

The president "will pocket the

treaty if a compromise is not reached

by which some of the majority reser-

vation can be modified so as to be

acceptable to both sides," he said.

If the president "pockets" the

treaty, or pigeonholes it, he believes

it will still be pending and he can

therefore send it back to the senate

for further consideration at any

time, Senator Hitchcock said.

The president is not opposed to all

of the majority reservations, Senator

Hitchcock said. He regards at least

two of them as "objectionable" and

"objectionable," and hopes a way

will be found eventually to follow so

as a set of reservations can be agreed

on so as to secure ratification by the

necessary two-thirds of the senate.

ULSTER SOCIETY TO BE THERE TOO

In the Person of Joseph Drake—All Co-operating For Home County Promise to Make Thursday's C. of C. Dinner One of Year's Events.

Secretary Hudson of the Chamber of Commerce received word this morning from Joseph Drake secretary of the Ulster County Society, that he will be on hand for the "Friends and Neighbors" dinner which the Chamber of Commerce is holding in the Y. M. C. A. gymnasium on Thursday evening at 6:30.

The co-operation between the Kingston Chamber of Commerce and the Ulster County Society for the benefit of Kingston and all of Ulster county is one of the pleasantest features of Chamber of Commerce activities in Kingston.

While it is to be regretted that it will not be possible for all of the 500 friends and neighbors who are members of the Ulster County Society to be at this dinner, it is certain that their message of cheer and co-operation will be well expressed by the able and genial secretary who has worked untiringly and successfully to make the Ulster County Society first among organizations that keep alive and ever vigorous old home ties.

With the Ulster County Society, the Catskill-Shawangunk Mountain Association, various boards of trade in Ulster county, the Travelers Club, the new manufacturing concerns that the Chamber of Commerce has worked to bring to the city, all represented, this dinner will be one of the occasions of the year, 1919, in Kingston.

It will thoroughly express the "WE" spirit with which the 500 members of the Chamber of Commerce are working for Kingston and with which they are joining hands with friends and neighbors outside, not only for Kingston but for Ulster county and for the Catskill-Shawangunk region.

It will be the beginning of a series of dinner meetings at which all the members of the Chamber of Commerce will have an opportunity to keep constantly in touch, to get better acquainted with each other and to get acquainted with others with common interests and common hopes.

It will be a celebration of some of the big things that have been done since the increased membership campaign in June and will be the beginning for other big things which the increased membership secured in June will make possible.

It will be a "different" dinner, it will be an interesting dinner, and it will be worth a great deal more than the one dollar that it will cost.

Chairman Watts of the dinner committee says, make your reservations early at the Chamber of Commerce rooms, telephone 504.

A RELIGIOUS SURVEY OF CITY

Will Be Made Next Sunday By Ulster County Bible Society and Protestant Churches—Last Survey 36 Years Ago.

Next Sunday afternoon the Ulster County Bible Society and the Protestant Churches of the city will make a religious survey of Kingston. The last survey was made over thirty years ago. The various wards of the city have been assigned to the various churches and chaplains have been appointed from each church who will select a team of workers.

The survey is planned for the purpose of ascertaining those in the city who have no previous religious affiliation, and find out their preferences as to what church they would care to attend. At the close of the survey the cards which are to be filled out by the workers will be gone over, and turned over to the various churches.

The survey is also made to ascertain what Sunday school, if any, the children in the city attend. At the present time a similar survey is under way throughout the county.

Ocean Has Murder Mystery.

By Telegram to The Freeman.

Ocean, N. Y., Nov. 17.—This city is faced with a murder mystery today as a result of the finding yesterday of a man with his throat slashed. Thus far local police have been unable to either establish the identity of the murdered man, or discover any clue leading to the arrest of the perpetrators of the murder.

GLASS ACCEPTS SENATORSHIP

To Succeed Martin at Request of President—No Likely Candidate for Treasury Head in Sight.

By Telegram to The Freeman. Washington, Nov. 17.—At the request of President Wilson, Secretary of the Treasury Glass will accept the appointment of Governor Davis, of Virginia, making him senator to succeed the late Senator Thomas S. Martin. The announcement was made at the White House today.

It was announced at the White House that Secretary Glass had asked President Wilson what his desires were and the president had urged him to accept the appointment as senator. In the senate the president will be aided by the support of Glass, and there was every reason to believe today that the appointment would be accepted by the secretary.

It was stated that the secretary probably would not leave his duties to go to the senate for a week or more yet.

The president's mind is open on a successor to Glass, it was stated at the White House.

Among those who are most prominently mentioned for the position are Bernard Baruch, Assistant Secretary of the Treasury, R. G. Lefingwell, Charles Hamlin, of the federal reserve board, and Paul Warburg, former member of the federal reserve board.

Baruch, it is understood, has informed the White House that because of his connection in Wall Street he would not be willing to accept the post. Hamlin is considered a likely candidate because he comes from Massachusetts and the administration needs support from that state at this time.

Lefingwell will take up the duties of secretary temporarily, and it is possible that he may be given the appointment.

Warburg is favored, but there is doubt that he could be confirmed by the senate. The same applies to John Skelton Williams, comptroller of the currency.

It is understood that overtures have been made to Oscar Price, formerly a treasury auditor and assistant to William E. McAdoo as railroad administrator. Price is now connected with McAdoo in the motion picture industry and it is understood that he would not accept.

ARMISTICE BALL PROCEEDS \$1,718

Ladies of City Hospital Much Grateful and Their President Thanks All Who Helped to Success.

Charles O'Connor, who has so kindly served as treasurer of the Armistice Ball, is pleased to state that the net proceeds of the ball amount to \$1,717.99, a very gratifying sum to the auxiliary of the City of Kingston Hospital, and as president of that organization, I wish at this time to thank the public for its hearty support in making this affair a success. I also wish to thank each individual who has in any way assisted. This organization has labored under great difficulties during the period of the war, as it was not considered feasible to raise money publicly, when the war needs were so imperative. Consequently supplies of every kind are now greatly needed, and it was deemed quite necessary to call upon the public to help us meet these demands. Needless to say, our burden is lightened and we are most delighted with the results, and deeply appreciative.

CHARLOTTE W. TAPPEN, President.

MARSHALL'S ADVICE.

Prayer First, Then Jail for Agitators, Says Vice-President.

By Telegram to The Freeman. Washington, Nov. 17.—"Pray them by the neck and put them in jail." This is the remedy Vice-President Marshall suggested for agitators, speaking to the American Women's League.

"I believe in the doctrine of love and force," Vice-President Marshall said. "I believe in first praying for men and women and when that is not successful, I would grasp them by the neck and put them in jail."

Building in Ulster.

By Telegram to The Freeman. Albany, Nov. 17 (Special).—Under the labor law the engineering division of the state industrial commission is required to pass upon all plans for new factory construction, prior to erection, as to whether it conforms with the requirements of the New York state labor law. During October the division examined five plans in Ulster county with an estimated construction cost of \$22,240.

Compressed Air Let's Go.

By Telegram to The Freeman. Bridgeport, Ohio, Nov. 17.—Three men were injured, two probably fatally, and two houses and the plant of the South Lumber Company here were wrecked by three explosions today. The first explosion occurred in the receiver of a gas engine. Two compressed air tanks then exploded in quick succession. Bridgeport was shaken by the blasts and thousands of windows were shattered.

MYSTERY AS TO BLOCKADE RUNNER

John S. Reed, Noted Red, a Stowaway on Missing Ship Which Started From New York For Russia.

By Telegram to The Freeman. New York, Nov. 17.—A ship financed by a Wall street millionaire and Chicago interests sailed from New York for Russia more than a month ago with the mission of breaking the British blockade to open relations between the United States and the Soviet government. It was learned today from authoritative sources. It carried credentials to the Soviet government.

Its only passenger was a stowaway, John S. Reed, writer and revolutionist, a refused permission to go as a member of the crew, Reed smuggled himself on board.

The ship's fate is in doubt. Whether it perished, was blown to "smithereens" by British torpedoes or safely landed at its destination, no one knows, as no word has been received from it since it embarked from New York. Millions were risked in the venture.

The ship flew the American flag, having received clearance papers as a freighter bound for a Scandinavian port and was manned by a picked crew of men who were willing to undertake the dangerous voyage for adventure.

It was to land at the Scandinavian port to take on a cargo of foodstuffs stored in Norway and Sweden by Chicago interests during the war. If it succeeded in avoiding the fire of British guns, the plan was to send other ships along the route it had taken.

John S. Reed, sent to Europe by a magazine, was in Russia at the outbreak of the revolution. He returned to the United States several months ago with papers crediting him as the first Bolshevik consul to the United States and was one of the organizers of the Communist Labor Party.

CANTINE CLAIMS TO COMMISSION

At a special term of the supreme court at Troy, on Saturday, Justice Wesley O. Howard referred to the damage commission of which Frank H. Deal of Troy is chairman, and Roscoe Irwin a member, the Saenger's claims of Martin Cantine and others against New York city. This commission was appointed to hear claims for damages for diverting of water caused by the building of the Ashokan reservoir. About a year ago Justice Howard set aside the award made to the Cantine and other claimants by the commission of which Philip Elting, George Deyo and Abel Smith were members as being excessive. His decision was appealed from to the appellate division which affirmed the reversal and ordered the case sent back to Justice Howard. The application to send the claims to a commission for a new hearing was made on Saturday, by William H. Grogan, assistant corporation counsel of New York.

MISS KEARNEY AT COMMUNITY SING

Remember folks, tomorrow night, Tuesday, is the night for the Community Sing, and each week now, the music which the chorus sings seems to be increasingly enjoyed, particularly the big number, "Prince of Peace" by Elizabeth Merz. An especial feature of the Sing tomorrow evening, will be that of Miss Kearney as the accompanist. It is Conductor Dodge's plan to have the Singers from time to time, conducted by various advanced music students in the city, thus affording them the opportunity of learning that poised and quick adaptation so necessary for good accompanying. But only those who are fully competent to do good work will be allowed this privilege. Miss Kearney is to be congratulated upon being the first student to play for the Sing.

Chorus Girls' Chance.

By Telegram to The Freeman. London, Nov. 17.—London is suffering from a scarcity of chorus girls. During the war large numbers of chorus girls left the stage for other work and never returned. Many others have married army officers since war ended. The Daily Mail quoted a theatrical producer as saying that any chorus girl with experience could today pick her own job.

O'Ryan Prince's Aide.

By Telegram to The Freeman. Albany, N. Y., Nov. 17.—Major General O'Ryan, commanding officer of the national guard, who led New York state's troops abroad, was today made extra military aide to the Prince of Wales at the prince's personal request. General O'Ryan will act during the prince's visit in New York city.

Dr. Keefe Resumes Practice.

Dr. C. F. Keefe who has been laid up for a month with a carbuncle on his neck has resumed practice.

BOURNE-TOOMEY COMPANY TO ASSEMBLE MOTOR TRUCKS IN DEYO STREET PLANT

ROBBERS MADE THOROUGH JOB

By Telegram to The Freeman. Chicago, Nov. 17.—Eight safe blowers led by a "dapper and polite youth of 20," after binding a night watchman and two other men "hands and feet," took possession of a 12-story office building on Michigan Boulevard early today and for four hours dynamited safes and ransacked desk drawers in search of valuables.

They left with \$8,000, taken from the safe of the offices of the Standard Oil Company.

While working on the Standard Oil Company safe the robbers freely talked of a recent robbery in Toledo, according to the night watchman.

ONE LYNCHED THREE ESCAPED

By Telegram to The Freeman. Moberly, Mo., Nov. 17.—Three of four negroes accused of being implicated in the robbing of Edward Thompson a few days ago and who escaped after the fourth had been lynched here Sunday morning, are being sought by an armed posse today.

The four negroes were taken from the authorities Sunday morning. While the crowd was tying a rope about the neck of one of them the three others managed to escape amid a volley of shots fired after them by members of the lynching party.

NOW TEN PERCENT TAX ON CIDER

Announcement was made today by the Internal Revenue Department through its Poughkeepsie office of a change in the tax on sweet cider. Heretofore the tax has been one cent a gallon to be paid by the manufacturer. In future the tax will be 10 per cent of the market price of the cider. It has been ruled that where an individual takes apples to a mill to have them pressed for his own use he must pay this 10 per cent tax. Where he sells the apples to the manufacturer, the latter pays the tax. The ruling will affect many in this section where thousands of gallons of cider are now being made.

NEW YORK MILK USER'S BOYCOTT

By Telegram to The Freeman. New York, Nov. 17.—Milk users went on strike here today in protest against the high prices charged by dairy companies. According to the community councils of National Defense, the organization behind the movement, 500,000 New Yorkers will boycott the milk companies until Thursday in an effort to force down prices. The following signs were hung out by thousands of New Yorkers this morning:

"Milk—no milk wanted here until Thursday."

The price of milk was raised recently and now ranges from 15 to 20 cents a quart.

OHIO MINES ALL REMAIN IDLE

By Telegram to The Freeman. Cleveland, O., Nov. 17.—Ohio coal mines entered upon another week of idleness today—the third since the call of the nation-wide strike of soft coal miners and the second since the resumption of the strike call by order of the federal court.

With the exception of wagen mines and coal stripping operations, production of coal in the state is at a standstill and there is no apparent intention on the part of the miners to return to work until they "know what they are going to get."

A Knightly Barkeep.

By Telegram to The Freeman. London, Nov. 17.—A member of the peerage who is a bartender, has been found by the Daily Express in Buckinghamshire. He is Sir Henry Echlin Bart, now well up in years, who presides over the drinks in "The Bird in Hand" Pub at Princes Risborough. The family formerly possessed princely estates in Scotland and Ireland, but all had been dissipated before the title descended to Sir Henry.

Canada Worries Over Coal.

By Telegram to The Freeman. Ottawa, Ont., Nov. 17.—With the reserve supply of coal in Canada rapidly being depleted, this country is faced with an acute shortage of fuel unless measures for further economy are taken, it was declared here today.

75 Men To Be Employed At Kingston Woodworking Plant At Start of Operations About Jan. 1--Come Here Without Financial Aid.

President Joseph M. Herbert of the Chamber of Commerce, announced this morning that the Bourne-Toomey Company, of 50 Broad street, New York, have rented and taken possession of the former Kingston Woodworking plant on Deyo street, which they will use for the assembling of motor trucks.

J. H. Thomas, who will manage the Kingston plant for the Bourne-Toomey Company, says that they expect to begin production in the building by January 1. They contemplate turning out 1,000 motor trucks during the coming year, of which about 50 per cent will be exported. Their product is the Elburto two ton truck.

They will employ about 75 men at first. This number will probably be increased later. It is possible that the company will later produce a roadster in addition to the truck.

The officers of the company are Thomas T. Toomey, President; Jules Louis-Elson, Vice-President, and John Burns, Treasurer. They have made several trips to Kingston and have gone over the ground thoroughly with the officers and members of the industrial committee of the Chamber of Commerce. They are convinced that Kingston, on account of its available supply of male labor, its cheap electric power rates, and its exceptional transportation facilities is going to afford them a very favorable location in which it will be possible to proceed rapidly in increased production.

The former woodworking plant is owned by Robert W. McCready of Tuxedo Park, N. Y. It was recently occupied by the Herbert Brush Company for special work in connection with their government contracts.

The Chamber of Commerce is greatly pleased at this substantial addition to its list of new industries which have been brought to Kingston through its efforts within the past four months. The Bourne-Toomey Company comes here without asking or receiving any financial assistance.

RONDOUT BRIDGE WORK STARTED

Booth & Flynn, the New York contracting firm who have been awarded the contract for excavating for the anchorage shafts of the proposed Sleighsburch bridge, started work Monday morning on the Esopus side of the creek. Two shafts are to be sunk on each side of the creek and in each shaft will be placed the shore ends of the cables on which the bridge is to be suspended some time in the unknown future. Now that the Skillypot is off the route automobilists and those driving other vehicles realize as of before the need of the bridge.

SKILLYPOT IS ON VACATION

The ferryboat Riverside, plying between Kingston and Sleighsburch, is taking a vacation on dry dock at Hitebrian's shipyard where she is undergoing a thorough overhauling. The Skillypot was towed to the shipyard Monday morning by the tug Rob. While she is off the route pedestrians are ferried across the Rondout creek in a small scow. Vehicles have to cross the creek by way of Eddyville bridge. Just how long the Skillypot will be laid up is not known.

HIGGINSON FUNERAL.

Held at Harvard With Distinguished Mourners Present.

By Telegram to The Freeman. Cambridge, Mass., Nov. 17.—A distinguished gathering of men prominent in educational and business circles paid final tribute to the memory of Major Henry L. Higginson today at funeral services held in Appleton Chapel, Harvard. Rev. W. G. Crothers, officiated.

Honorary pall bearers were picked from the undergraduates, each class being represented. Robert W. Earle, captain of the baseball team, acted as chief marshal. The student body stood with uncovered heads as the casket passed.

Meeting of Troop 6 Boy Scouts.

Troop 6 Boy Scouts will hold its regular meeting tonight at 7:15 o'clock. All patrol leaders are asked to be present and report to the Scoutmaster. Refreshments will be served and scout instructions and games will complete the program after the business session.

THANKSGIVING DAY SERVICES

The union Thanksgiving Day services of the churches of Kingston will be held this year in the high school auditorium at 10:30 o'clock that morning. The sermon will be delivered by the Rev. George M. Cranston of the Clinton Avenue M. E. Church. The offering, as in years past, will be for the Industrial Home. These union services each Thanksgiving Day are proving popular, and are well attended. Thanksgiving Day this year falls on November 27.

CORBETT IS NEW WILBUR PRIEST

The Rev. Thomas Corbett of St. Raphael's Church of New York city will succeed the Rev. James S. Prendergast as rector of the Church of the Holy Name in Wilbur. Sunday Father Prendergast preached his farewell sermon. He has been assigned to St. John's Church at Beacon. Tuesday evening he will be tendered a farewell reception by the members of the parish.

LAUNCH DRY DOCK TUESDAY

Unless something unforeseen turns up the first section of the big dry dock under construction at the Island Dock yard of the Kingston Shipbuilding Corporation will be launched from the ways between 9 and 10 o'clock Tuesday morning. The dock is in eight sections.

NEW LIBERTY BONDS.

For Those of First and Second Loans May Be Had March 15.

Temporary bonds containing only four coupons were issued to purchasers of First and Second Liberty Loan bonds. The last coupon on the second series is dated November 15 and on the first series, converted, in December 15. As the new bonds will not be ready until March 15, holders are requested to continue to hold their bonds until the new ones are ready. Further definite information is expected soon from the treasury department.

FOUR KILLED AT GRADE CROSSING

By Telegram to The Freeman.

Philadelphia, Nov. 17.—Four men were killed and seven injured when a motor truck was hit by a Philadelphia and Reading workmen's train at a grade crossing here today.

The truck was laden with about thirty Hog Island workmen. The train also was carrying workmen to the ship yard. The accident, according to the police, was caused by the fog which was extremely heavy.

The driver of the truck did not see the train nor hear the bell at the crossing.

The engine smashed into the rear of the truck, battering it to splinters.

The four victims were killed outright and their bodies badly mangled.

The majority of those killed and hurt live in Darby, a suburb of this city.

COHENS BUY WALL STREET BUILDING

Another very important real estate transfer has been completed in the uptown business section of the city. Aaron and Ralph Cohen have purchased from Eileen S. Osterhoudt the building at 317 Wall street occupied by the Woolworth five and ten cent store and Miss Alice Keefe, the milliner. This, on account of its location, is one of the most valuable pieces of property on Wall street. The Cohen Brothers have purchased the property as an investment.

Johnson Getting Better.

By Telegram to The Freeman.

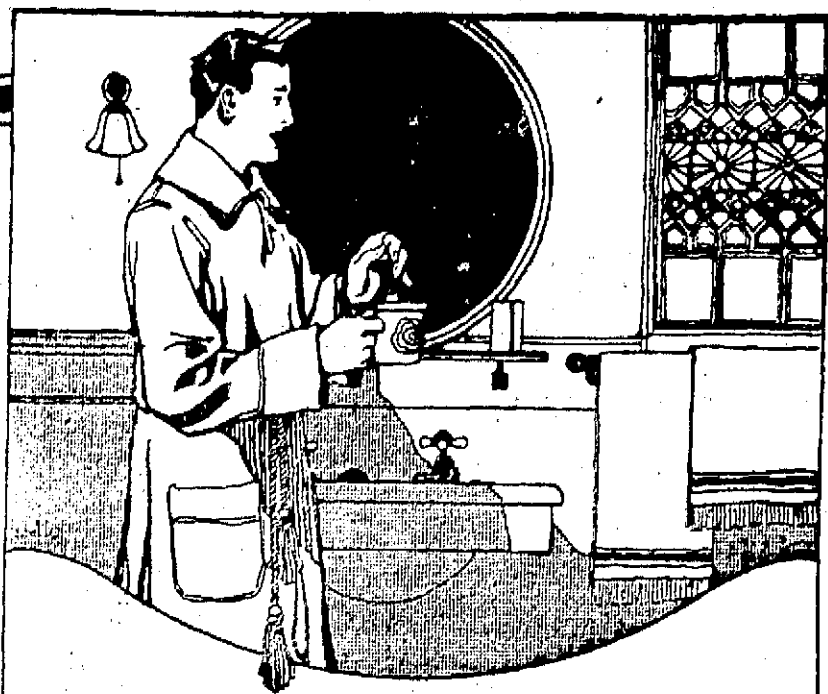

London, Nov. 17.—King George has expressed keen regret for the injuries inflicted upon W. E. Johnson, American "dry" worker, when he was mobbed by a crowd of college students at Essex Hall, the Daily News stated today. It was stated at the hospital where Mr. Johnson is having his back treated that he was doing very well.

Paradise in New York.

1. Paradise, the real estate broker on Railroad avenue, is spending some time in New York city closing several important transactions. It is reported through his office that the demand for realty is extremely lively.

One Speeder Arrested.

Arrested Haseburg of Brooklyn was arrested on a charge of speeding on Albany avenue Saturday afternoon. He gave bail for his appearance in police court later. Motorcycle Officer Soper made the arrest.

Getting Up

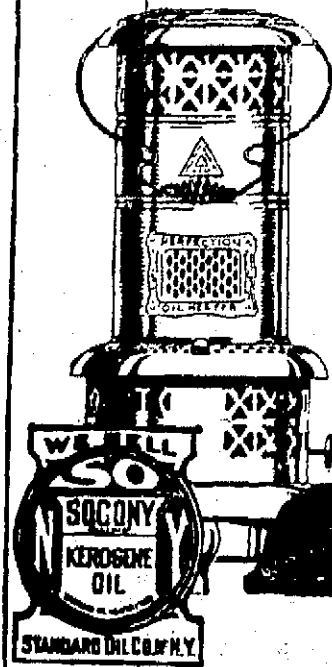

COMFORTABLY—when with a portable Perfection Oil Heater you may have a warm bed-room and bath-room in a jiffy. You are independent of the regular heat with a Perfection handy. Tip top for auxiliary use—a comfort in emergency. The Perfection gives a glowing warmth in a minute. It's safe, clean, odorless, always ready. Creates no soot or dust. Easy to fill and re-wick. Its habitual use in any household makes for fuel economy. It burns 10 hours on a gallon of kerosene. 8,000,000 now in use.

Use SoCony kerosene for best results.

BUILD FACTORY ON BROADWAY

Leventhal Brothers Planning to Erect Modern Two Story Brick Building at No. 713 Broadway—Factory on North Front Street?

Leventhal Brothers, the owners of the property at No. 713 Broadway, announced today that they were planning to erect a two-story fire proof modern brick building for factory purposes on the site, and that work would be started about the middle of February, and rushed through so that the building would be ready about May 1.

Another real estate transaction has been the purchase of the old Ortrander Hotel property on North Front street, near Green street, by three local men. The property has been bought for investment purposes, one of the new owners states and will likely be used for factory purposes.

The J. B. Back & Company cigar factory that opened a week ago in the building at Foxhall and Hasbrouck avenues is now in full operation.

Alterations are rapidly being made to the second floor of the Cordy building at Strand and Hasbrouck avenue for the new cigar factory of H. C. Mansky, which will shortly begin operations.

The first carload of silk looms for the new silk mill of Katterman & Mitchell on Cornell street, is being installed. It is expected to begin operations at the mill about the first of December.

BIG CIDER APPLE SALE

Over \$1,000,000 Spent in Ulster and Dutchess Counties.

A million dollars for cider apples in Dutchess and Ulster counties is the remarkable record hung up this fall. Orchards like those of J. A. Dwyer, J. E. Cross, Peter Cornell and W. S. Teator, says the Poughkeepsie Evening Star, "cleaned up" on the cider, canning and pie grades almost as much as on the first grades. Out of town buyers sent \$60,000 to one bank in Poughkeepsie wherewith to pay for cider apple purchases.

The sums of money used for this purpose in other banks, especially rural banks, were enormous. It is said that there are six instances in Dutchess county and one in Ulster in which the 1913 apple crop has paid the full original price of the farm. The extraordinary demand for cider is attributed to the elimination of alcoholic and near alcoholic drinks.

OUR DAILY PATTERN.

2002—A Pleasant Dress For The Growing Girl.

This style has good lines, and though simple, is very smart and becoming. The tunic portions may be omitted. The sleeve may be finished in wrist or elbow length. Serge would be good for this, in blue or brown. Gingham, linen, chambray, rayon and poplin are suitable for this model.

The pattern is cut in 4 sizes: 10, 12, 14 and 16 years. Size 12 will require 6 yards of 27-inch material. A pattern of this illustration mailed to any address on receipt of 10 cents in silver or 1c and 2c stamps by the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state size wanted.

Catalogue Notice.

Send 10c in silver or stamps for our up-to-date fall and winter 1913-1920 Catalogue, containing 550 designs of Ladies', Misses' and Children's Patterns, a concise and comprehensive article on dressmaking also some points for the needle (illustrating 30 of the various, simple stitches), all valuable hints to the home dressmaker.

CITY TREASURER'S NOTICE.
SPECIAL ASSESSMENT.

Notice is hereby given that I have received the warrant for collection of the special assessment of 75 per cent of the expenses incurred in the construction of a Sanitary Sewer in Field Court between Broadway and for a distance of 370 feet through said Field Court, in the City of Kingston.

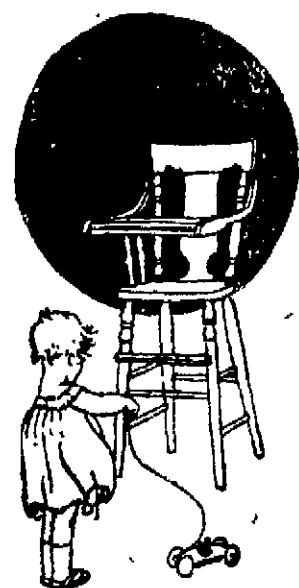

The same has been left with me for collection at my office in the City Hall, said city; that for thirty days from the date of this notice the said assessment may be paid without additional fees or charges, and that for the twenty succeeding days 1 per centum additional will be collected.

If any of the said special assessments shall remain unpaid at the time last mentioned, I shall give a written or printed notice to the person or persons against whom such assessment stands charged, requiring them to pay such unpaid assessment to me at my office, within thirty days thereafter, with 5 per centum fees thereon, and one dollar for such notice as required by the City Charter.

Dated at the Treasurer's office, City of Kingston, N. Y., November 13th, 1913.

PEPTONA

WILL HELP YOU

A simple way to add strength and vigor to indoor workers. Oftentimes the inactivity and confinement of indoor work results in a general "falling off" of physical fitness. PEPTONA, our best tonic, is IDEAL as an aid in combating these conditions, and in rebuilding run down systems. PEPTONA contains organic Iron, Malt, Manganese and Extract of Cod Liver Oil, so combined that it is pleasant to take and easily assimilated by even very weak digestive organs.

Girls Wanted

Every young woman or young man who is not educated for a particular work should have a trade. The cigarmaking trade offers steady employment and big wages and work for experienced operators can be found in any of the large centers. We will pay \$8.00 per week to learners over 16 years of age. Working conditions in our factories are clean, healthy, and under the supervision of a Matron. Let us teach you a good trade.

G. W. Van Slyke & Horton
 Kingston Poughkeepsie Catskill.

Fate of "First of the Tribunes."

On the eighth of October in 1854 Menzies, the Italian patriot, who headed a revolution at Rome which overthrew the power of the aristocracy, was killed. He had been placed at the head of the Roman government under the title of tribune of the people. His successor went to his head and he was finally killed in a riot which his ill-considered conduct had provoked.

The Wise Man.

He is the wisest man who would have the least to do with the multitude. It is not for the wise man to be much affected with the censures of the rude and unskillful vulgar, but to hold fast unto his own well-chosen and well-fixed resolutions; every fool knows what is to be done; but what is best to be done, is known only to the wise.—Joseph Hall.

AWAIT OFFICIAL JENKINS REPORT

State Department to Order Investigation if Consular Agent is Innocent of Charge That He Connived With Abductors.

By Telegraph to The Freeman. Washington, Nov. 17.—Officials of the department of state were today awaiting official confirmation of reports that William O. Jenkins, American consular agent, who was kidnapped by Mexican bandits, has been arrested for alleged conspiracy with his kidnappers.

Reports, which were unconfirmed, declared that Jenkins had been arrested on charges of having acted in connivance with Frederico Cordoba, his alleged abductor.

Previous reports which have been received by the state department indicated that Jenkins had been cleared of charges this his abduction was a part of a conspiracy to discredit the Mexican government.

The department of state, after receiving full reports on the case, will order an investigation, it was stated today. If it is shown that Jenkins is innocent, steps will be taken at once to demand full reparation from the Mexican government.

Jenkins was kidnapped and held for ransom on October 17. He was later ransomed and the department of state announced that he had made arrangements to pay his own ransom.

An investigation was made of the kidnapping at that time by the American embassy in Mexico City and it was announced that Jenkins' standing as an official of the United States would have no bearing upon the case unless it was shown that his abduction was due to negligence on the part of the Mexican government.

THEIR DEER?

Well, They Have It, Which Is Nine Points of Law.

Conductor Patrick Cahill, a former resident of Kingston, who now lives in Albany, and Trainman Guy Sharpe of Albany, recently returned from the Adirondacks with a fine large deer and the railroad men all along the line are now asking just how they came to get possession of the animal. Indications are that the shot which killed the deer might have been fired from either the north or south. The conductor and trainman were on the south side, while there were other hunters, it is said, on the north side and the shots were fired simultaneously. Just what Cahill and Sharpe used is not known, but they got possession of the deer. The deer was safely landed in Albany by the two hunters and immediately their friends on the road began preparing for a fine deer steak. However, the two hunters have not decided as to just how the railroad men came into possession of the deer being circulated among the railroad men. The story is that the two mighty hunters liberally compensated the guides who ran the deer into their path. However the truth as to how the deer was shot has not yet become known in this city, and in the meantime a number of families are preparing for a feast of deer meat.

Another story as to how the two railroad men came into possession of the deer is being circulated among the railroad men. The story is that the two mighty hunters liberally compensated the guides who ran the deer into their path. However the truth as to how the deer was shot has not yet become known in this city, and in the meantime a number of families are preparing for a feast of deer meat.

Which fruit is the most visionary? The apple of the eye.

LONDON COMMENT ON RESERVATIONS

By Telegraph to The Freeman.

London, Nov. 17.—"The whole moral status of the league of nations has been impaired by the refusal of the American senate to adopt it in its original form," said The Times today in commenting upon the American reservations.

"It will manifestly embarrass all other powers in similar negotiations with America."

The Westminster Gazette had anticipated the senate's action. This newspaper said:

"We have the greatest confidence that congress will arrive at a wise solution of the problem. We are not the least surprised that some patriotic Americans have doubts and hesitations about the new departures they have been asked to sanction."

The reservations aroused no resentment on the part of the Morning Post or the Daily Graphic. The former newspaper declares:

"We admire the stand taken by the senate."

The latter gives this view:

"The plain truth of the matter is the American people do not desire to be entangled permanently with European politics."

For Piano and Violin.

A patent has been issued for apparatus to enable a person to play a piano and violin at the same time.

Castor Oil for Botulism.

In a case of botulism—poisoning from eating spoiled vegetables or fruit and most common with canned goods—the most effective remedy is a generous dose of castor oil. But it must be given quickly, as one of the effects of the poisoning is to paralyze the intestines, and when this has taken place the oil will do no good.

ONE DEAD IN P. R. R. WRECK

By Telegraph to The Freeman.

Lancaster, Pa., Nov. 17.—Frank Flynn, freight engineer, of Jersey City, was killed and seven other persons were hurt, one probably fatally, when the Pennsylvania Railroad's Buffalo after crashed into a freight train on the main line near here today.

E. H. McNally, of Harrisburg, fireman of the freight engine, will probably die. Others injured were: E. P. McManus, Newark, N. J.; H. H. Dodd, Harrisburg, W. J. Shaw, Philadelphia.

It was alleged that the engineer of the freight disregarded signals and ran his train from a siding onto the main tracks.

Short Courses in Agriculture.

The short winter courses in agriculture and home economics at the New York State School of Agriculture at Morrisville, N. Y., will begin Monday, November 24. The work includes short courses in dairying, horticulture, poultry and general agriculture, also short courses in cooking, sewing and millinery. These courses are meant for boys and girls who cannot leave home for longer courses and are free to residents of New York state.

NATION'S CROPS ARE ONLY FAIR

There is little in the crop situation this year to indicate that any sharp reduction in the price of food is to be expected. According to the U. S. bureau of crop estimates, the yield per acre of all crops of the country combined is below the average of the past ten years by a fraction of one per cent. In New York and other northeastern states down to southern Pennsylvania and Ohio crops yielded a little better than usual. The same was true in the group of states west of the Mississippi, from northern Iowa and Nebraska south to Texas and Arizona. Oklahoma has been particularly fortunate for good rains there caused the crops to be 40 per cent better than usual.

The northwestern states have not fared so well this season. Excepting Wisconsin, practically all the north central and northwestern states west of Ohio have suffered more or less severely, and in Montana where the drought was extreme the yields were only 40 per cent of the average. In Louisiana and in the cotton states east of the Mississippi river yields have been lower than usual by from 1 to 15 per cent, but as the farmers are receiving 36c per pound for cotton instead of 12c, the average price before the war, they have little reason to complain. The yields per acre of hay, corn, buckwheat, beans, rice and sweet potatoes have been from 7 to 14 per cent above usual expectations, and wheat, oats, barley, rye, white potatoes, cotton and tobacco were from 9 to 20 per cent below par.

SALVATION ARMY.

Eight Stood for Prayer After Sunday's Ocular Demonstration.

Last night the Salvation Army Hall was well filled to see Captain Young give his ocular demonstration, "Salvation Magic". In the beginning Captain Young announced that three new recruits had been added this week and that he was out recruiting but that if anyone thought it an easy or simple thing to become a member and then remain a Salvationist they were mistaken and though workers were needed as never before and the door to service was wide open, the task of being a good Salvation Army soldier was no sinecure. He then produced a large clear glass bowl from which were suspended a half dozen black ribbons labeled Sin, Wrath, Bitterness, Judgment, Death, Wrath and Hell. The bowl represented the human heart and the ribbons were characteristic of sin. They walked hand and hand. Then six bottles were brought forth filled with a clear liquid and labeled Impurity, Pride, Neglect of God, Prayerlessness, Worldliness and so forth. These were poured in the bowl, one after another, and explained when the bowl was discovered filled with a dense black liquid as illustrating how these things can produce only a black, sinful heart. Then another bowl, this time adorned with yellow, red and blue ribbons, labeled Service, Purity, Love, Joy, Peace and Power. Then six bottles labeled as well, reading Conviction of Sin, Sorrows for Sin, Repentance, Forgiveness Assurance of Salvation and Deliverance (deliverance from sin and death and all that the black ribbons stood for). The clear contents on being poured into the bowl assumed a red color—a blood red color—meaning that the blood of Jesus Christ prevailed and made us conquerors and wrought the transformation.

There was considerable interest and eight stood for prayer and help at the close of the meeting. The Salvation Army will hold special meetings next Sunday.

FOOTBALL CHAMPION.

Saturday's Games Upset All the Dope in the East.

By Telegraph to The Freeman.
New York, Nov. 17.—Any team in the east that has enough nerve to claim the football championship of this section of the country ought to be allowed that honor.

Up until last Saturday there were a couple of eleven that deserved serious consideration. They were Dartmouth and Colgate. Their defeat Saturday, however, Colgate's at the hands of Syracuse and Dartmouth by Brown, put them out of the running.

Syracuse has about as good a claim as any other eleven to premier honors. They were beaten once, by Washington and Jefferson, but their followers can point to the fact that they decisively beat Pittsburgh, which in turn trounced Washington and Jefferson.

Harvard has not yet been beaten but was held to a tie by Princeton, which had been whipped by Colgate and West Virginia.

DEPORT GOLDMAN.

Palmer Says Noted Red's Claim To Citizenship Unsound.

By Telegraph to The Freeman.
Washington, Nov. 17.—Emma Goldman, who has preached anarchy in America for many years, will soon be on her way back to Russia. If Attorney General Palmer has his way, the attorney general in a report to the senate today declared that the woman's claim to citizenship was "fallacious". He declared that the Goldman woman was 24 years old when her father was naturalized and thus she was barred from citizenship by her father's pledging allegiance to this nation.

Commissioner Caminetti, of the immigration bureau, now has before him the record of Emma Goldman and an appeal for her deportation, and a decision is expected in a few days.

New-Way for Fine Plains.

S. E. Winans, who has an up-to-date dairy farm at Pine Plains, has just purchased of the Canfield Supply Company a New-Way air cooled gasoline engine and Kingstonian power pump for furnishing water for his farm.

ELLENVILLE.

Ellenville, Nov. 15.—Among the Masons visiting the Masonic Home at Utica on Sunday last were Mr. and Mrs. Ulster Palmer, who report to friends upon their return that they found Mr. and Mrs. David Watkins, former residents of Ellenville, now members of the Home, in excellent health and spirits and desired to be kindly remembered to all old friends.

The Terwilliger Agency has sold for U. E. and Bert H. Terwilliger to Louis Kramer and Harry Brodsky the lot on Canal street between the Austin grocery and Schipper hardware properties. It is understood the new owner will erect a business building on the land purchased. This disposal of the last holdings of the Terwilligers in the well known Rockwell estate which was acquired by them at public sale in 1909.

Byron S. Thornton has purchased the lease on the Orpheum theatre at Saugerties. This is now a moving picture theatre with a seating capacity of one thousand. Mr. Thornton and family will move to Saugerties and take charge of their new enterprise.

The property known as the Weismiller house corner of Main and Center streets, was sold at foreclosure sale at Kingston on Wednesday and was bid in by Thomas Thornton.

William Dow, formerly of Ellenville, who is a seaman on the U. S. S. Martha Washington, arrived at Hoboken on Wednesday after a three months' cruise in the interest of war work in the far east.

Mrs. Neal Kane and little daughter have been visiting her parents, Mr. and Mrs. E. V. Hoos at Liberty this week. Her sister has been assisting at the bakery during her absence.

Mr. and Mrs. Edward Glennon and son, Richard, with guests, have returned from an auto trip which included Philadelphia and at Easton, Pa., where they visited Mr. Glennon's sister, Mrs. John Gandy.

Mrs. Frances Arnoys of Warren street has gone to spend the winter with her niece, Mrs. Florence Palen at Poughkeepsie.

Frank Hornburger has gone to Pine Tree Inn, Lakehurst, N. J., for the winter. Before leaving he purchased a fine Dodge touring car of the Marshall Jansen Company.

Mr. and Mrs. C. W. Bungle have returned to the city for the winter after spending the summer at their home on Tuthill Lane.

Mrs. Philip Schaffer and Mrs. Ulster Palmer entertained the members of the Y. P. L. A. in the Lutheran Church annex on Tuesday evening after the business session. Refreshments with games followed and a very enjoyable evening spent together.

Mrs. Frederick T. Keeney and Mrs. E. E. Count are spending the week in New York.

Mrs. Ida Constable of New York has been spending the week in town a guest of her sister and husband, Mr. and Mrs. W. Mills Edwards on Maple avenue.

Town Clerk Allen D. Potter and his cousin, Warren Potter, went hunting in the neighborhood of Wolf Pond and returned with a fine deer, weighing some where near three hundred pounds. Considered by old hunters in that section to be the finest taken from the woods this season.

Sam Jacobowitz, the wholesale and retail butcher, shipped sixty pigs to Kingston on Tuesday.

Hon. Harrington Putnam of the appellate division, supreme court, Brooklyn, and George F. Parker, of New York, have been in town this week and in company with Hon. Thomas E. Benedict they visited the historic spots in this vicinity of the

Revolutionary period including the site of the "Fort at Honk," the site of the Esopus Indian village, destroyed by Capt. Martin Krieger with his Dutch troops in 1663, the site of the Indian raid of 1778 at Shuster Hill, also the Hardenburgh house, where the state and Colonial records were stored following the burning of Kingston. The visitors spent Sunday at Yama Farm Inn.

Miss Barbara E. Kelb takes a position with the Ulster knife works office force.

Among the visitors to the supper recently enjoyed was one given to members of the Scotch-Hose Company by Charles G. A. Fischer and another to the same party by Dr. Coles. Those fortunate enough to partake are loud in the praises of both suppers.

Corwin Cudney of Spring Glen, telegraph operator, is at the local O. & W. station taking Hubert Roat's place.

The Clark-Kimble Coal Company have installed a gasoline tank and are prepared to serve customers with Texas gas.

Miss Marian Miller of Warren street is spending the week with Rev. and Mrs. H. G. Corlies at Liberty.

William Sheeley of Superior, Wis., has been in town this week renewing old friendships. He came on for the funeral of his mother, Mrs. Agnes

Hardie, at Low Beach, who was buried in the Antietam cemetery at Ellenville.

The Chautauque Club will hold a public meeting at Hunt Memorial hall, Tuesday evening, November 18, at 7:30. A roll call on current events open to all will be followed by a talk on the labor problem to be given by Counsellor Glenn B. Murray and this will be followed by an open forum for discussion. A musical program as arranged will be given.

At Christ's Lutheran Church Sunday the theme of the morning sermon was "Ten Thousand Talents" Vespers, 7-30 in the evening at which time the installation of the pastor by the Rev. William Traver, president of the Hudson Valley Conference, took place.

At the M. E. Church the theme of the pastor, Rev. Charles A. Dann's morning sermon was "He Shall Have Dominion" and for the evening sermon, "Choosing a God." The Epworth League meeting at 6:45 was led by Edward A. Smiley and the subject was "The Challenge to Christian Service."

BROTHERHOODS DEBATE COURSE

By Telegraph to The Freeman.
Cleveland, O., Nov. 17.—Heads of the "big four" railway brotherhoods gathered here today to discuss the answer of Railway Director Hines to their wage demands. The brotherhood heads have a week in which to consider the railway director's answer and at their meeting today will decide what expression from the membership of the four brotherhoods is necessary on the proposals. It is possible that a vote may be called for, although some of the leaders regard this as unnecessary until the negotiations reach a further stage.

Timothy Shea, head of the firemen's union, said no strike is contemplated until every other means of settlement is exhausted.

P. T. A. School 6.

The regular monthly meeting of the Parent-Teachers' Association of School No. 6 will be held at the school rooms on Tuesday, November 18, at 3:30 o'clock. A large attendance is requested.

To Improve Chinese Tobacco.

Efforts are being made in China to improve native tobacco by planting American seed and teaching modern methods of cultivation.

FRANKLIN CAR Reliability and Air Cooling Superiority Again Demonstrated by a 98.2 Mile Non-Stop Low Gear Run Ending at Top of Famous Mt. Washington

ON August 17th, a Franklin stock model touring car ran all the way from Portland, Maine, to the top of Mt. Washington in New Hampshire on low gear without a stop. This remarkable feat is the latest public proof of the superiority of Franklin Direct Air Cooling (no water to boil or freeze).

This car, just such a one as thousands of Franklin owners are driving all over the country, carried three official observers besides its driver and averaged 11.1 miles per hour—on low gear.

The Franklin had already run ninety miles on low gear without a stop before reaching the base of Mt. Washington—in itself a test never duplicated by other cars.

Then, without halt, came the real test the Franklin had set out to perform—a climb to the top of Mt. Washington, an elevation of 6290 feet.

Rain soaked, slippery roads; no chains; no stops permitted—these were the added difficulties to a performance generally considered impossible even under the best conditions. But the Franklin reached the summit overcame the final obstacle of a 27% grade in perfect running shape and returned to Portland the same day.

By official observation, the Franklin did not show the slightest trace of wear and tear or overheating, its engine performing with absolute regularity on all grades as well as on level going.

Ability for eighteen years to demonstrate consistently this kind of performance is what has made the Franklin known as the most practical fine car.

20 miles to the gallon of gasoline
12,500 miles the set of tires
50% slower yearly depreciation

Direct Air Cooling, eliminating Radiator, Water, and 176 other Delicate Parts, means less Weight, less Trouble, greater Simplicity, and better Results, as this test shows.

"Y" CONVENTION AT DETROIT SOON

With a keen realization that the boys of today will be men of tomorrow, the forthright International convention of the Y. M. C. A., to be held at Detroit beginning November 19, will lay special emphasis on boys' work throughout every phase of its activities. This information was received today from headquarters of the International committee of the Y. M. C. A. by M. S. Safford, the general secretary of the Kingston association.

While there are 2,077 associations throughout the United States, there are boys' work divisions in but 756 city, county, railroad and colored associations, and boys' work of some sort is being done in about 1,500 associations. The extension of this work to all of the present associations and the development of the field now untouched is one of the biggest problems to be considered. The need for such extension is doubly apparent as the latest United States census figures show there are about 10,000,000 boys in the nation of this tremendous number 4,640,000 are employed boys, ranging in age from 11 to 20 years. Other statistics show that there are some 650,000 boys of high school age.

The association membership includes 181,600 boys whose ages range from 12 to 18 years, but the work of the association extends beyond the organization itself. The "outside" work takes the form of employed boys' brotherhoods, which number from 10 to 50 boys in a group. These brotherhoods, often made up of boys in a single factory, include non-members of the association. There are some 80,000 of them in these brotherhoods in the United States.

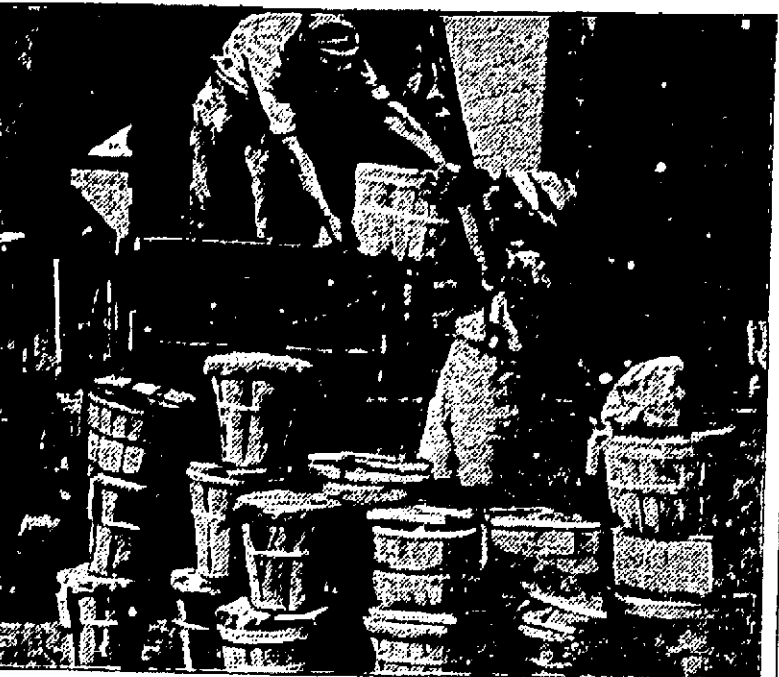

Among the high school boys' work outside the association is carried on through clubs known as "Hi-Y" clubs. Incomplete reports from international committee headquarters show 550 such clubs in 25 states with a membership of more than 75,000. Some of these clubs are formed in rural communities where there are perhaps not more than 25 boys in the entire high school.

An interesting feature of the coming convention will be that some of the presidents of these clubs, both employed boys' brotherhoods and "Hi-Y" clubs, will attend as delegates. In the case of the former organization, from large industrial centers. There will also be representatives present from the Mexican Boys' Division of the El Paso, Texas, Y. M. C. A., an organization which is doing much in its field to eliminate racial animosity on the border.

That the government recognizes the value of the association in the boys' field was shown by its action this week. At a conference of 60 representatives of the Federal and state boards of health in Washington, five Y. M. C. A. boys' work representatives were called on to tell how 250,000 boys throughout the nation have been reached through the association in the government's war on venereal diseases and social evil.

The boys' work committee of the International Committee includes W. W. Fry of Philadelphia, E. W. Ayer of Philadelphia, both well known in the advertising field; H. J. Crewe, lumber man, of Toronto, Ont.; J. D. Dilworth, a manufacturer, of Salem, N. J.; W. H. Gay of Grand Rapids, Mich.; Ralph W. Harrison of the U. S. Steel Corporation, Pittsburgh, Pa.; E. W. Hazen of Haddam, Conn., who is keenly interested in rural work among boys; Philip H. Gray, Detroit capitalist; W. D. Murray and S. S. Terry, New York city attorneys; E. E. Weyerhaeuser, prominent lumber man, of St. Paul, Minn.; Leonard Cogswell, Jr., vice president of the State Bank, Albany, N. Y.; and Russell M. Bennett, of Minneapolis, Minn., who has extensive mining interests. These men, with other delegates interested in boys' work, will hold daily meetings concerning work with boys, while the convention is in session.

INCREASED USE OF TRUCKS AND TRAILERS WILL HELP OUT COST OF TRANSPORTATION

Fresh Country Produce Being Loaded Into Truck for Quick Shipment to Nearby City.

Our faulty distribution of food-stuffs and other necessities of life is responsible to a considerable degree for high prices to consumers. Official investigations show that it costs as much to deliver farm products from railroad terminals at New York to city consumers as to ship them by rail from points as distant as Buffalo, or to deliver a ton of coal in Chicago as to ship it from the mines in southern Illinois.

High Cost of Hauling.
On the other hand the cost of hauling products from the farm to the shipping points and to take manufactured goods back to the farm is double or triple what it need be. These transportation costs at both ends of the rail haul must be added to the prices charged for farm and factory products and the consumer "pays the freight."

Land and water haul are the cheapest forms of transportation and there is no prospect of any substantial reduction of freight charges. The only possibility of lowering the cost of transportation materially lies in the

haul at either end of the rail and water routes—that is, in haulage by highway. There are tremendous possibilities in savings in this direction. Careful investigation by the department of agriculture last year show that haulage from farms to shipping points costs less than half as much by motor truck as by horse and wagon, even under present conditions of the highways. Thus, the average cost of hauling wheat by wagon was 20 cents a ton for each mile, while the cost with motor trucks was only 15 cents; to haul corn by wagon cost 33 cents per ton-mile as against 15 cents by truck, and to haul cotton by wagon cost 48 cents compared with 18 cents by motor truck.

Trailers Lower Rates.
Even these comparatively low rates for hauling with motor trucks can be cut in half by the general use of trailers, since the hauling capacity of a truck can be doubled or even tripled in many cases by towing one or two loaded trailers behind the truck, using a semi-trailer with the truck.

PERSIA RICH IN MINERAL WEALTH

Natural Resources of Ancient Country Are Almost Inestimable.

DIFFICULTY OF TRANSPORT

Chief Obstacle in Way of Development—Various Schemes Already in Hand for Construction of Railway Lines.

London.—The natural resources of Persia are almost inestimable, and up to the present the great wealth of this ancient country has scarcely been touched. The now famous Anglo-Persian oil fields are a vivid example of what can be done when the necessary enterprise and capital are forthcoming. The large area over which this company possesses the rights of working contains an almost inexhaustible supply of oil.

There is at least one other oil field in Persia waiting to be exploited. A few Baku experts have known for some time of the existence of oil in the northeastern part of the country. This district is judged to be exceedingly rich in oil-bearing strata and is situated close to the southeastern shore of the Caspian sea.

Beyond any doubt, says the London Times, the plateau of Persia is extremely rich in mineral wealth, but the question has been how to work it, owing to the difficulty of transport. In the past reliance has had to be placed on mules and camels, whose loads cannot possibly exceed 400 or 500 pounds. This being so, the importation of the necessary heavy machinery has been altogether out of the question, and as a result the greater part of Persia's rich mineral wealth lies dormant.

Precious Metals.
Seventy miles or so to the north of Isfahan is a disused gold mine—that was originally worked by the Persians themselves. The ore was extracted in a crude and antiquated way and then carried to Teheran on the backs of mules, a distance of over 200 miles. There the gold was extracted by some old-fashioned process, and as the profits only covered the expenses the mine was ultimately closed down. With modern methods and up-to-date machinery on the spot such a venture should prove a very paying concern.

Gold dust is found in various parts of Persia, principally in the river beds, but not in any great quantity, with perhaps one exception. It is regularly brought into the Kermanshah bazaar for sale, but from exactly where has so far been kept a secret.

Lead and silver are both to be found in quantities that would pay for the working.

In considering the mineral wealth of the country, copper undoubtedly takes the most important place. Persia is full of copper, but so far has not attracted foreign capital, because of the import and export difficulties that have had to be contended with in the past. In spite of these many drawbacks, at least one mine is being worked locally.

A little to the north of Isfahan, in the Namaz mountains, is a large seam of copper. To mine such a rich deposit would assuredly pay. The Kermanshah district abounds in copper, and in the judgment of a mining engineer who has visited the neighborhood any operations seriously undertaken would easily repay the necessary capital invested.

Coal and Transport.
Should financiers be ready to embark on such a venture as the exploitation of Persian mines, the question of both coal and transport would have to be seriously considered. Fortunately coal does exist in many parts of the country and is at present being worked in at least two localities. The district of Kermanshah is especially rich in this mineral, and quite recently it has been discovered in the Kurdish mountains bordering on the Bagdad-Hamadan road.

The difficulty of transport is rapidly being overcome. Already there are various schemes in hand for the construction of railways; in fact, quite a good start has been made. The recent operations in both the north and the south of Persia have shown the roads to be quite suitable for heavy motor traffic, consequently the importation of heavy machinery ought not to prove a very serious obstacle.

In normal times the Persian laborer is paid from 12 to 14 cents (United States) a day. A slight advance in pay would insure the necessary labor, especially if it should prove permanent. It is not difficult to prophesy that before many years have passed Persia will prove to be one of the mining countries of the world.

His Potatoes Patriotic.
Sunbury, Pa.—Patriotic potatoes, so far as color is concerned, are being cultivated by John Beck from his patch near Downing Grove. He is exhibiting his friends samples that are red, white and blue potatoes. He explains that he planted a number of a blue variety of seed potatoes with some of a pure white variety. The breed mixed, and a hybrid that plainly showed a red, white and blue skin resulted. He says he will name the new variety for President Wilson if he can succeed in propagating them next year.

Kangaroo Farms.
Kangaroo farming is an important industry in Australia. The tallow is valuable and the hide is extremely fine. Indeed they are the best material known to surgeons for sewing up wounds and especially for holding together bones together, being much stronger and tougher than catgut.

AUTO DRIVING IS RIGHT EXERCISE

San Francisco Physician Sees Not Only Physical, But Mental Benefits.

IS STARTLING HYPOTHESIS

Takes Exception to Often Repeated Objection That General Use of Motors Is Deteriorating—Muscles Developed.

That motoring is probably the finest form of exercise for the average man and woman of today is a somewhat startling hypothesis. Most of us do not consider the driving of a motorcar in the light of exercise at all. In fact one frequently hears regret expressed that the general use of motor vehicles has interfered with habits of exercise that are important to our natural well-being.

A San Francisco physician takes exception to this view of motorcar driving and shows that instead it is positively beneficial. He classifies its benefits under three heads—physical, mental, and what he terms volitional.

Essential Merit.
"It is the muscles of the arms, together with those of the chest and abdomen, that pre-eminently and habitually suffer," he says. "Here we find lack of development, softness, flabbiness, and the accumulation of unwholesome fat. And it is precisely here that the steering wheel of the car may come to the rescue. It is true that the handling of the wheel, particularly if the car is small, is not a very strenuous form of exercise, but that, instead of being a defect, is an essential merit."

"Their best interests are met by precisely the kind of efforts that the steering wheel, supplemented by the handling of the gear and brake levers, requires, namely, mild but persistent action, which involves, first and last, virtually all the muscles of the arms, chest and abdomen."

Benefits Derived.
"When you drive a car 40 or 50 miles over average American roads a fraction of that distance in the city you give your arms and torso a course of purposeful calisthenics that winds directly to the benefit of your muscles, arteries and heart, and indirectly, but no less significantly, to the benefit of your digestive apparatus, and the organs of elimination, and blood and nervous systems."

The doctor proceeds to point out that, in addition to the exercise, the motorist has been in the open air, breathing the winds, inhaling pure quantities of oxygen to meet the increased need of the accelerated currents of blood corpuscles, and that digestion and assimilation are thereby facilitated and the toxic products accumulated through former inaction are in increased measure oxidized and eliminated.

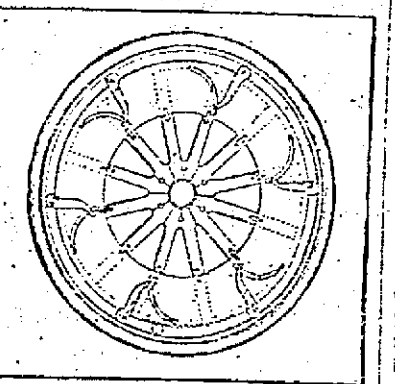

Being Prejudiced.
Some of the world's greatest men have been prejudiced about most things; and all women make a specialty of prejudices—that is one reason why women are so delightful and so fascinating. —Hollbrook Jackson in Today.

WHEEL RIM IS DEMOUNTABLE

Invention of El Paso Man Has for Its Object Device Which Is Easy to Manipulate.

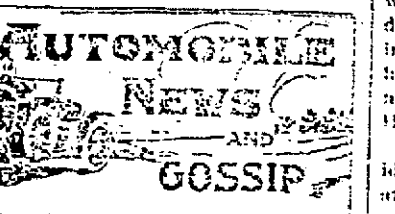

The Scientific American in illustrating and describing a demountable rim, the invention of J. N. Foster of El Paso, Texas, says:

The invention relates to demountable rims for vehicle wheels. It has for its object to provide a rim which may be locked to the rim or unlocked therefrom with a single operation. Means are provided for locking the

A Side View of a Wheel With Invention Applied.

rim from lateral movement, and means for controlling the locking, the means comprising levers pivoted to the felly and having cam heads for engaging the demountable rim, the locking means for the levers comprising a cam ring mounted to rotate on the wheel.

Avoid sudden stops.
Repair cuts promptly.
Don't "hog" the road.
Consider the man in the other car.
Always keep your car under perfect control.
Don't "cut in" short after passing a vehicle.
Remove old chains as soon as possible after a rain.
Fast inside of casings with tale before inserting tubes.
Don't attempt to run the car on the electric starter.
Stop when there is an accident, whether it is your fault or not, and render all assistance possible.
An inventor has designed an automobile equipped with a ventilating chamber surrounding the shoulder to permit circulation of air and lessen breakage by overheating.

Growth by Labor.
Tom Jones contracted with seven men to build a house. He gave them a lot of money and they were all happy. But when they were all dead, the house was still there. —John MacIntyre.

AT THE THEATRES.

Enid Bennett At Keeney's Hayakawa at Auditorium.

Enid Bennett, the girl who made such an impression by her masterful presentation of "The Haunted Bedroom" will present "The Virtuoso Thief" at Keeney's tonight. A Monkey comedy, Hearst News and cartoon comic will be other attractions. Catherine Calvert in "The Career of Katherine Bush" will be presented tomorrow instead of Lila Lee in "Cock O' the Walk."

Sessue Hayakawa in "The illustrious Prince" will be presented at the Auditorium tonight. Fox news, Educational scenes and other novelties tonight also. Dorothy Gish in "Peppy Polly" will be presented tomorrow. Hitherto, the famous mermaids of the California surf, famous nationally through their appearance in two-reel Sennett comedies, have been kept in a seclusion as close as that of a nun. Only the jealous eye of the camera has looked upon their athletic beauty and ebullient vitality. But now, owing to the persistent persuasion of T. R. Gardiner, of the film distributing firm of Gardiner Syndicate, who has bought the rights to "Yankee Doodle in Berlin," Sennett has consented to a brief tour of the nymphs to the large cities, where the new comedy will be shown entirely as a production.

The event will be unique in motion exhibition in Kingston and will be presented three times daily at the Kingston Opera House for two days commencing Wednesday.

ESOPUS.

Esopus, Nov. 17.—A business meeting of the Ladies Aid Society will be held at the home of Mrs. J. Benjamin on Wednesday afternoon of this week, November 19th, at 2:15. All members are cordially invited to be present and so far as possible to report concerning the funds to be solicited in place of the annual fair.

Much interest is manifested in the meetings held each evening in the M. E. Church. Rev. D. N. F. Blakey remained for Thursday evening prayer to the satisfaction of the people who are attending the services and on Friday evening, Rev. William H. Austin, a former pastor, was present and delivered an inspiring address, the theme being "Alas! Alas! Thou pharisee!" me to be a Christian. His former parishioners were pleased to see and listen to Mr. Austin once more and extend the hand of welcome to both himself and Mrs. Austin. On Monday and Tuesday of next week, Rev. Robert A. Green, of Stockport, N. Y., will be present and address the congregation both evenings. Come and hear him. Further announcements will be made later for the remaining evenings of the week.

Miss Rena Soltner is visiting her friend Miss Hazel Mott.

We think that Miss Estelle House and Mrs. Louis C. Goodrich are to be congratulated for the work they have accomplished during the year as signers for the Red Cross drive. They canvassed District No. 2 and secured \$186.77.

William Humphrey who in his boyhood was a resident of Esopus, in Burlington, Conn., on Friday and Saturday afternoon visited his Esopus Lake.

Mrs. Alma Stearns-Horne-Andrews-Stearns, whose tragic and several days ago, after the Victory Ball in London, on her return from divorced in America. Her son, bearing the name of his reputed grandfather, Prince Rudolph of Austria, was born in Morristown, N. J. The similar to that of "Billy" Cartleton, who was found dead after the first of the dead Crown Prince Rudolph, son of Emperor Francis Joseph, and of Marie Vetsera, the Baroness whom Prince Rudolph loved and could not marry. The story of their tragic deaths in the hunting lodge at Mayerling in 1889, where both committed suicide because their love was thwarted and the Prince was tied to a wife whom he could not cherish, is known to the world. In 1911 the Austrian government issued an official pronouncement stating that no child was born of the infatuation of the Crown Prince and the Baroness.

The Old Cry.
It doesn't make any difference what language somebody is bound to use to whisper that it is crooked. We heard this man talking on a street yesterday. There's nothing the human family enjoys better than being silly. —Hollbrook Jackson in Today.

TIME DEDUCTION LAW RETROACTIVE

According to a decision handed down by Justice Cropsey in New York Saturday, the time deduction law is retroactive and applies to all prisoners now in penal institutions throughout the state. As a result many hundreds of prisoners will be released immediately, or as soon as prison officials determine the number of days they were in jail awaiting trial or sentence.

There are a number of prisoners from Ulster county serving time who will get the benefit of the time deduction law. Among them is Joseph Weber, who was sent to Dannemora prison for the shooting of Charles Elmendorf at Mapleton. He received a minimum sentence of over seven years about four years ago and was in jail some time before being sentenced for which he will now get the benefit. He will also under the deduction law will be allowed three months of a year for good behavior. Others recently sent up are Patrick Moran, William Mosley, Louis Schoonmaker, Robert McDonald, who will get a benefit under the law.

A recent amendment provides that such time shall be deducted from the term of sentence as well as the time for good behavior. The decision points out that time deductions are to be made according to the provisions of the prison law and by the governor, acting on reports from the prison boards. Justice Cropsey's decision was in the case of Frank Gabriel, sentenced to a year in the penitentiary from Nassau county, who brought proceedings to gain his freedom on the theory that he should have the retroactive benefit of the law.

New York Produce Market.

Wheat—Unchanged.
Corn—Weak. No. 2 yellow, new, 171 1/2; No. 3 yellow, new 170 1/2.
Oats—Easy.
Rye—Steady. No. 2 western, 151 1/2 c. i. f. New York.
Barley—Weak. Maltling 152 1/2; 158 c. i. f. Buffalo; feeding, 145 c. i. f. Buffalo.
Hay—Steady. No. 1, 175 @ 185; No. 3 145 @ 155; clover mixed, 135 @ 165.
Straw—Steady. No. 1 straight rye 65 @ 75.
Flour—Dull. Spring patents, 12.50 @ 13.00; clears - 9.00 @ 10.00; straight, 10.00 @ 10.40.
Potatoes—Steady. White, nearby, 250 @ 300.
Dressed Poultry—Steady. Chickens, 24 @ 46; fowls 24 @ 36; turkeys, 38 @ 46; ducks, 40 @ 42.
Live Poultry—Nominal, no quotable prices.
Butter—Strong. Held and fresh. Creamery extra, 73 @ 73 1/2; creamery firsts, 66 @ 71; higher scoring, 71 1/2 @ 75; state dairy, tubs, 53 @ 70; process extra, 67 1/2 @ 59.
Eggs—Irrregular. Nearby white, fancy, 38 @ 100; nearby, brown, fancy, 75 @ 90; extras, 75 @ 76; firsts, 67 @ 71.
Milk—The nominal wholesale price is 3.33 per 100 lbs delivered in New York.
Apples—New York state—The receipts of barreled apples are moderate, but equal to the demand under existing prices; most of the stock arriving being of only ordinary quality. During the week the market remained fairly steady, barreled apples being in better demand than western boxed.

Standard "A" grade, 2 1/2 inch fancy Baldwins, \$7.50 to \$8.50; Bellflower, \$5.50 to \$6.50; Ben Davis and Gano, \$5.50 to \$6.50; Greenings, \$6 to \$8; extra fancy, \$10 to \$11; Hubbardson, \$5 to \$6; Jonathan, \$9 to \$10; Pound Sweet, \$5 to \$6; Pearmaine, \$5.50 to \$6.50; Pewaukee, \$5.50 to \$6.50; King, \$8 to \$9; McIntosh, \$10 to \$12; Northern Spy, \$8 to \$10; Spitzenberg, \$8 to \$10; Twenty Ounce, \$7.50 to \$8.50; Wolf River, \$6 to \$7; Wealthy, \$7 to \$8.
"A" grade, 2 1/2 inch, Baldwins, \$8.50 to \$7.50; Bellflower, \$4.50 to \$5.50; Ben Davis and Gano, \$4.50 to \$5.50; Greenings, \$7 to \$8; Hubbardson, \$4 to \$5; Jonathan, \$8 to \$9; Pound Sweet, \$4 to \$5; Pearmaine, \$4 to \$5; Pewaukee, \$4.50 to \$5.50; King, \$6.50 to \$7.50; McIntosh, \$8 to \$9; Northern Spy, \$7 to \$8; Snow, \$8 to \$10; Spitzenberg, \$7 to \$8; Wealthy, \$5.50 to \$6.50.
"B" grade, 2 1/2 and 2 1/2 inch, Baldwins, \$5.50 to \$6.50; Bellflower, \$4 to \$5; Ben Davis and Gano, \$4 to \$5; Greenings, \$6 to \$7; Hubbardson, \$4 to \$5; Jonathan, \$7 to \$8; King, \$5.50 to \$6.50; McIntosh, \$7 to \$8; Northern Spy, \$5.50 to \$6.50; Snow, \$7 to \$8; Spitzenberg, \$6 to \$7; Twenty Ounce, \$6.50 to \$7.50.
"C" grade, 2 1/2 and 2 1/2 inch, Jonathan, \$5 to \$6.
Unclassified, 2 1/2 and 2 1/2 inch, Baldwins, \$5 to \$6; Ben Davis and Gano, \$4 to \$5; Greenings, \$5.50 to \$6.50; Hubbardson, \$5.50 to \$6.50; Jonathan, \$5 to \$6; Pewaukee, \$4.50 to \$5.50; King, \$5 to \$6; McIntosh, \$6 to \$7; Northern Spy, \$5 to \$6; Snow, \$6.50 to \$7.50; Twenty Ounce, \$6 to \$7; Wealthy, \$5 to \$6 per double headed standard barrel.
In cloth top stave barrels, various varieties, grades and sizes, mostly \$5 to \$7 per barrel.
In bushel hampers, various varieties and sizes, \$1.50 to \$2.50, a few fancy as high as \$2; some poor as low as \$1 per hamper.
Grapes—New York State—Supply is practically exhausted; a few offerings during the week; moderate demand; wide range in the quality and condition of stock; Concord, best, \$1.50 to \$1.65; ordinary, \$1.50 to \$1.55 per 20 pound handle basket.
Pears—New York State—Receipts very light; offerings mostly from cold storage, and stock shows wide range in quality and condition. Sheldon, \$1.50 to \$1.65; Seckel, best, \$1.25 to \$1.45; ordinary, \$1.00 to \$1.25; Bourne D'Anjou, \$6 to \$8; Kieffer, best, \$7 to \$7.50; a few extra fancy slightly higher; ordinary, \$6 to \$6.50 per double headed standard barrel. Bourne Rose, best, \$4.25 to \$4.50; ordinary, \$3.50 to \$4 per bushel box.

Black Walnuts—Receipts light; most offerings show stock as green. Best, \$2.50 to \$3; ordinary, \$2 per bushel.
Chestnuts—Very few arrivals; demand active; market firm; prices slightly higher for fancy, round stock. Best, \$15 to \$16; ordinary, \$12 to \$14 per bush; of 60 pounds.

Hickory Nuts—Light supply; good demand; market firm; prices steady. Best, \$4.50 to \$5.50; ordinary, \$3.75 to \$4.25 per bushel of 60 pounds.

EDNA RESTORES MONEY

And Is Discharged—Was Not Sentence and Amended Was Not \$100.

Miss Edna Ten Broeck, 21 years old, the colored chambermaid of The Kirkland, who stole a sum of money from the room of Miss Agness McKenna in the hotel, was very repentant when arraigned before Judge Schirck in police court this morning.

Edna's family is a respectable one residing in New Paltz where they are held in esteem by their neighbors. This morning Edna's mother was in court with Attorney John N. Vandervlyn of New Paltz, who represented Edna at the hearing, where it developed that Edna stole a much smaller sum than the \$100 she was accused of stealing, and for that reason the charge was reduced from grand larceny to petit larceny at the request of Attorney Vandervlyn. It was her first offense. She made restitution of the amount of money she had stolen from Miss McKenna. After hearing all the facts in the case Judge Senrick suspended sentence and discharged Edna. She was arrested in Newburgh where she had gone after stealing the money.

MR. BAILEY'S DOG.

Is a Police Charge And Awaits His Owner.

The other day the police found a stray collie dog roaming the streets bearing license No. 32310, New Canaan, Conn., and took up the matter with the authorities of that place.

In the meantime the dog has been kept at the police barn in charge of Patrol Driver "Smo" Wood, who is an expert on dogs, but as the dog is not his he is getting somewhat tired of the care of the collie.

This morning Chief Wood received a letter from the New Canaan police department, stating that the collie

was sold to Edward Bailey of Kingston, and that they understood that Bailey bought a farm near Kingston. The police department have been unable to locate Mr. Bailey and if he or his friends read this they are requested to call at police headquarters and relieve Officer "Smo" Wood of his joy as dog tender.

When Sun Lows Big.

When the sun is low its rays come diagonally through the atmosphere which surrounds the earth and, therefore, must penetrate much more of it than at noon. They encounter many more particles of dust or other substances and these produce the effect of increased size.

Black Walnuts—Receipts light; most offerings show stock as green. Best, \$2.50 to \$3; ordinary, \$2 per bushel.
Chestnuts—Very few arrivals; demand active; market firm; prices slightly higher for fancy, round stock. Best, \$15 to \$16; ordinary, \$12 to \$14 per bush; of 60 pounds.

MONDAY, NOVEMBER 17, 1919.

Sun rises, 6:51; sets, 4:38.
Weather, fair.

The Temperature.

The lowest point registered by the Freeman thermometer last night was 24 degrees. The highest point reached up until noon today was 52 degrees.

Weather Forecast.

Washington, Nov. 17.—Partly cloudy tonight; Tuesday fair, moderate south and southwest winds.

Rhine Wines Reach Britain.

By Telegraph to The Freeman.
London, Nov. 17.—After being banished during the war and for a long time afterward Rhine wines are again appearing in the dining rooms of the House of Commons today. The re-introduction of German wines created quite a stir among some of the members and so insistent were the demands for an explanation that Sir J. T. Agg-Gardner, chairman of the Commons kitchen committee, finally made a public statement that Rhine wines were restored because a number of members wanted them.

BUSINESS NOTICES.

EVERSHARP PENCILS.
The kind that are always sharp for constant writers. The point is always there. Ask us.

HEADLINE HISTORY

WORLD WAR

Copyright 1919, New Era Features.

WHAT HAPPENED NOVEMBER 16, 1914

1914
Germans victorious in Poland, drive back several Russian Army Corps along the Vistula taking 22,000 prisoners, to the south Russians on East Prussian frontier are checked by Germans near Stallupoenen; Cracow under fire from Russian gunboats; Snow and flood halts Flanders fight; battle front unchanged; Pope makes appeal for peace in encyclical letter to bishops; Prince of Wales joins British Expeditionary Forces in France as staff officer.

1915
Bulgars hurry, Serbian debacle; smash through Babuna Pass and take Krushovo and are but six miles from Prilep; recapture Tetovo; Allied Army in Albania hurrying to aid Serbia; Peer in English House of Lords assails British staff in France; Lord St. Davids complains of favoritism and "too much bridge"; Secretary Lansing cables Vienna for details of Ancona sinking.

1916
Fall of Monastir expected; French, Russians and Italians outflank frontier defenses and take Kenali; Germans and Bulgars retreat across Vero and Istriza rivers; "Deutschland," German merchant submarine, sails for home; Rumanians continue retreat in Alt and Jul valleys before Austro-Germans invading from Transylvania; von Mackensen still retreating in Dobruja.

1917
Italians flood routes to Venice in desperate effort to prevent its capture; inundate territory between the Piave and the Sile swamps; Washington expects fall of Venice which is deserted by civilians; Clemenceau announces new French cabinet; Premier to be minister of war; Kerensky forces twice beaten by Bolsheviks; Kerensky again flees in disguise; Viscount Cowdray leaves British ministry; chairman of air board resigns offer of air ministry to Lord Northcliffe.

1918
U. S. government seizes the cables; order signed by president on November 2, executed by Postmaster General Burleson, President Mackey, of Commercial Cable Company, protests; 200,000 soldiers to be discharged in next two weeks; demobilization of home forces to begin at once; will proceed at rate of 30,000 a day; no more troops to go overseas; Serbia unable to oppose Reds; all Bolshevik elements support the Provisional Government at Onisk.

CORNELL FARM WEEK IN FEB'Y

Preparations are already being made for farmers' week at Cornell and the date has been fixed for the period of February 9 to 13, inclusive. While the college of agriculture is not yet able to announce the program or the speakers, it promises that the thirteenth annual meeting will not prove unlucky for those who attend.

The information now available indicates that much attention this year will be devoted to markets and to prices, since the problems of rural economies seem to be more pressing than those of crop production.

One distinctive feature promised this year is the publication of the complete detailed program far enough in advance to admit of its mailing to prospective visitors some time before the date of the meeting. This is done to enable the farmers and their wives to plan their visit before hand. It is expected that persons unable to attend all the sessions may thus be able to pick out the days which will be most interesting and helpful.

Boy Happy as Little Dog Lived.

"Buster," a miniature pet black dog of Master Warren Incalshie, 278 Washington avenue, was run over by a passing automobile in the roadway near the house Saturday morning about 9 o'clock. For a time the little dog was supposed to be dead and was carried by Master Warren, who was in tears, into the house. A short time later, however, "Buster" revived and was walking around again to the delight of his owner.

New Notary.

Fred L. Andrews of Big Indian has been appointed a notary public in and for Ulster county, by Governor Alfred E. Smith.

Grape-Nuts
at Grocers.

Sweet—with a natural sweetness
delicious—with a rich nutlike flavor
nourishing—with the building value of whole wheat and malted barley

LAW AND ORDER WON IN FRANCE

By Telegraph to The Freeman.
Paris, Nov. 17.—Incomplete returns in the national parliamentary election indicated today that the Nationalists and Republicans had won a majority of seats.

Political adherents of Premier Clemenceau were reported to be leading in Alsace, the province that was delivered back to France by the war.

It was regarded as certain that former Premier Briand, former Foreign War Minister Millerand, and M. Mandel, the secretary to Premier Clemenceau, were all elected. M. Longuet and M. Renault were said to have been defeated.

The vote throughout France was unusually heavy, despite bad weather. No disorders were reported.

BOXING NOTES.

Wednesday's Bill at Poughkeepsie—
Good Will Plains Bout.

At the Hustler A. C. in Columbus Hall, Poughkeepsie, on Wednesday evening, November 19, Jack Eile, the crackjack New York bantamweight, who recently beat Max Williamson, of Philadelphia, at the Olympia A. A. in Quakertown, will take the mark with Jimmy Burns, the little Bridgeport, Conn. bearcat, in the stellar event of ten rounds.

In the semi-final of six rounds, Jimmy Sullivan, the fighting Irishman of Jersey City, will clash with K. O. Brown, the rugged Italian featherweight, of Boston.

In the special six rounder, K. O. Lane, of Hyde Park, will meet another burly heavyweight in Young Dubelsky, of Poughkeepsie.

In the opening number of four rounds, Young Butch, of Poughkeepsie, will cross arms with Young Pounder of Boston.

Johnny Reiser, son of John the Barber, the former manager of Jack Dempsey, who is under Lew Meyers' direction, meets Young Connors at the Victory A. C. White Plains, on Friday, November 21, and then goes to Philadelphia, where on Thanksgiving afternoon, November 27, Reiser clashes with Joe Stanley of Philadelphia.

Farrell Reception.

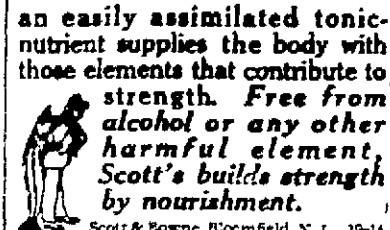

A farewell reception will be given the Rev. James S. Farrell, Tuesday evening, November 18, at the Holy Name Hall, Wilbur, under the auspices of the Holy Name church of Wilbur and the Sacred Heart church of Adirondack. Thomas F. Coughlin, a prominent lawyer of this city, will give an address on the departure of the pastor. Solos will be rendered by Thomas Nolan, the well-known tenor. Francis Gullen will give a monologue. Helen and Angela Cashin will do an aesthetic dance. Dancing will follow reception. Refreshments will be served and everybody is welcome. Entertainment starts at 8 o'clock.

NOT A THEORY
It's a fact that the use of alcohol even in moderate doses as taken in tonics is often habit-forming in effect.

SCOTT'S EMULSION

an easily assimilated tonic-nutrient supplies the body with those elements that contribute to strength. Free from alcohol or any other harmful element, Scott's builds strength by nourishment.

Scott & Bowne, Bloomfield, N. J. 19-14

REAL DRY NATION LOOMS NEARER

Kramer to Create Nine Department Heads and State Commissioners in Addition to Big Force of Raiders—Invites Local Co-operation.

By Telegraph to The Freeman.
Washington, Nov. 17.—America's great "drying machine" was getting into action today.

John F. Kramer, newly appointed federal prohibition commissioner, backed with an appropriation of approximately \$2,000,000 and a staff of many hundreds of aides was today preparing to launch a great crusade to drive alcohol from the United States, as provided in the prohibition enforcement bill.

Commissioner Roper, of the bureau of internal revenue, patted the nation on the back today, however, and offered a prophesy that December would not have a very different taste. During the two weeks that the prohibition enforcement bill has been in effect, it has been strictly adhered to, Commissioner Roper declared, and there have been but few violations. He declared that local officials and organizations have declared great willingness to aid and that citizens have been ready to comply with the law, and altogether it appears that the great American "Sahara" is actually here.

Kramer will establish nine departments, through which he will conduct his fight against all that contains more than the legal one-half of one per cent of "kick." At the head of each department there will be a departmental commissioner. State commissioners are also to be appointed. In addition to these, there will be established a force of "stock troops"—federal inspectors who will make raids upon illicit manufacturers of liquid refreshments. In addition to this elaborate machinery there will be the local machinery, which will not be interfered with by the federal authorities, but whose aid will be courted. Every effort will be made by Kramer to secure the help of local officials and he will encourage them in their prosecution of offenders.

While there is an appropriation of about \$2,000,000 for the enforcement of the dry law for the remainder of the year, it is estimated that the annual cost of this work will be about \$4,000,000.

As the "drying machine" prepared for action today, opponents of prohibition were making ready for a final effort to restore John Barleycorn to his place of vantage. On Thursday the supreme court will hear arguments against the constitutionality of the war-time prohibition law. Efforts were being made today to advance the appeal from the decision of Judge Hand in New York for hearing on Thursday with the appealed Kentucky case, in order that a final decision might be handed down at the earliest possible moment.

FARMS SOLD

In the County—Saugerties Theatre Changes Hands.

That the demand for Ulster county farms is not confined to any one section is shown by the following sales which have been made recently by Edward Moran of Saugerties:

The Julius Eagle farm at Shultis Corners has been sold to James B. Hyatt of Peekskill.

The E. J. Kirk farm located on the Saugerties and Woodstock state road at Pine Grove has been sold to Henry Steigewald of Coney Island.

The former Joseph Gurth farm at Mt. Marion and owned by Charles Kopp has been sold to H. Gassow of New York city.

The Sommers farm, formerly known as the Harry Brigham farm at Mt. Marion, has been sold by the Sommers Brothers to James McIntyre of New York city.

The Charles Howard farm located at Pelham Corners in Palenville has been sold to Arthur Greene of Riddfield Park, N. J., through Edward Moran.

The former Cassell homestead on the old Kingston state road, has been sold by Henry Steigewald to S. Stinson of Tawock, N. J.

The large hay, grain and fruit farm located at Flatbush and known as the old Ad Lasher farm and owned by Mrs. Clifton Van Ruckirk, has been sold to Edward Moran, who has leased the same to E. J. Johnston of Catskill.

The Bernard J. Casey farm located just over the railroad crossing at the Canoe Hill has been sold to C. S. Mosher of New York, through Edward Moran. Mr. Mosher is a friend of Chris Rambeck, who owns the adjoining farm, which was formerly the Luther Fiero farm.

The Capstan Theatre at Saugerties has changed hands. Sidney Hoffman selling to Mr. Thornton of Ellenville.

The well-known Freeman Lasher farm located just out of the village of Saugerties on the Kingston-Saugerties state road has been purchased by Edward Moran with stock.

THE DOWNTOWN DRY GOODS STORE
26 BROADWAY, COR. MILL ST.

tools and crops Mr. Moran has purchased the property for a home for his sister.

TOOK BUT ONE DAY

For Schultz and Shultis to Get a Buck.

Among the many deer hunters, who journeyed to the Catskills on Saturday were Egbert Schultz of Green street and Lieut. Ralph Shultis of Elmendorf street, both noted hunters in this section of the country.

They returned home on Saturday evening with a fine buck of eleven prongs, weighing 275 pounds.

Mr. Schultz is a member of the N. Y. C. C. and has developed his skill with the rifle in this company. Lieut. Shultis, who served with the heavy artillery during the war, has had plenty of experience in the handling of the big guns, which he holds in good stead when out for big game.

The hunters' many friends are anticipating a nice venison supper, shortly.

Mr. Schultz does not confine his efforts to "small" game, but is preparing to bag a few bears this winter.

Unclaimed Letters
